

## Basic information

---

Name : QIANG HUANG

Student ID : 1349949

Student email : qiange.huang@student.unimelb.edu.au

Wechat : Saturn\_Vir\_040710

## Education

---

High school : GPA 3.89/4.2

A level : A\*AB

Learned correlation subject: Economics, Business and Computer Science  
(Theory)

## Experience/Activities

---

### 1. Marshall Society Essay Competition

#### 《Do Minimum Wages Do What Policy Makers Intend Them To Do》

Comparing to minimum wages standards in different countries, and using Gini Coefficient and Lorenz Curve to show whether the effect of the minimum wages is living up to the expectations of those policy makers.

### 2. Extended Project Qualification

#### 《Rejuvenation of Chinese Luxury Brand Consumer Groups》

Taking Gucci as an example to reveal the rejuvenation of various traditional brands in China and other countries. From stages of different designers and marketing, with many theories and circumstances to reveal the reason and effect of rejuvenation.

### 3. The London Institute of Banking & Finance

Taking part in the competition and learn some knowledge.

### 4. NGO Volunteer teaching

Spending about 2 months to teach Indian pupils Math.

### 5. Join in Link Knowledge Academy

This is a newly established platform to help international students from different systems, like A level and IB. We share and introduce subject notes and some experience for language tests and activities. I am in the competition department.
